

# Acute Jig Head Lures Breakdown 2026<sup>TM</sup>

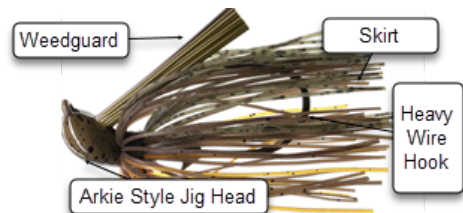

Lures with Jig Heads.

It's about the Allure<sup>TM</sup>

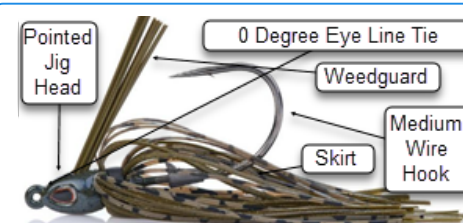

## Skirted Lures with Jig Heads

Common

[Flipping Jig](#)

Flipping Jigs are known for their large profile and for targeting heavy grass cover.

[Swim Jig](#)

Swim Jigs are known for their natural pulsing swimming motion and their versatility for fishing most cover.

[Bladed Jig](#)

Bladed Jigs are known for their pulsing and wobble action produced by its vibrating flashy blade often used when low lure visibility.

[Buzzbait](#)

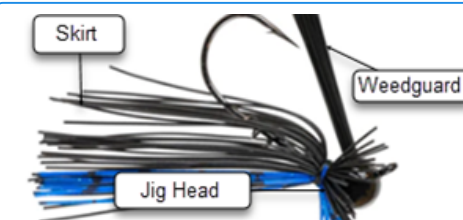

Buzzbaits are known for erratic churning of the water surface creating a bubbly wake, fishable in sparse grass and fished fast to cover water.

Less Common

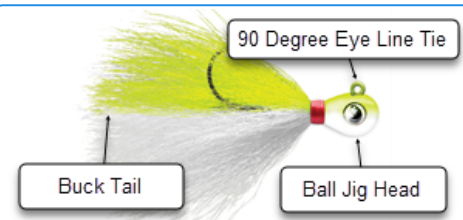

[Football Jig](#)

Football Jigs are known for fishing deep and dragging hard bottom, rock and wood cover.

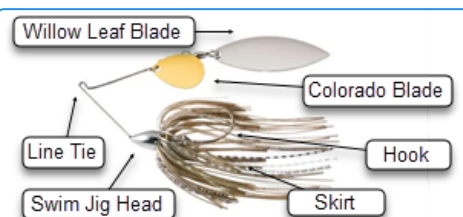

[Finesse Jig](#)

Finesse Jigs are known for small light subtle pulse, a slow fall rate and for fishing slow.

[Hair Jig](#)

Hair Jigs are known for its unique, more natural, subtle puff and flare and for being fished shallow and deep.

[Spinnerbait](#)

Spinnerbaits are known for their blades that spin above the skirt that make a thumping noise and for fishing shallow in low lure visibility.

## Soft Bait Lures with Jig Heads

Common

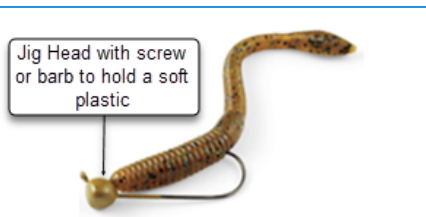

[Ned Rig](#)

Ned Rig Lures are known for light weight, low profile, slow fishing, catch on the fall and for its typically using small vertical worm soft plastic.

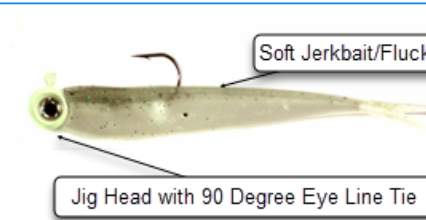

[Soft Swimbait](#)

Soft Swimbait lures are known for natural looking bait fish lure action and its rigging versatility with a jig head or a single hook.

[Shaky Head](#)

Shaky Head Lures known for its subtle, slow moving, low shaky, quiver lure action typically using a worm soft plastic.

[Jighead Minnow](#)

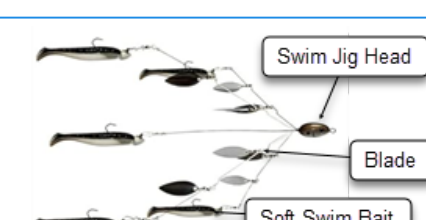

Jighead Minnow Lures known for a very subtle natural looking minnow-style and balanced jig head and soft jerkbait plastic combinations.

Less Common

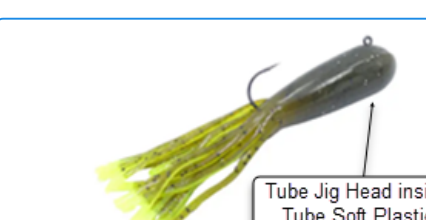

[Wobble Head](#)

Wobble Heads are known for their erratic side to side action enabled by a swing hook when targeting hard bottom.

[Alabama Rig](#)

Alabama Rigs are known for looking like a small school of baitfish with pulsating and flash lure actions.

[Tube](#)

Tube Lures are known for its spiral drop lure action and its tube soft plastic which is often rigged open hooked or weedless (stupid rig).
